Apocalypse 2012: The World After Time Ends
This is a documentary that revives humanity’s ancient spiritual past with Native American spiritualists, secular prophets, environmentalists, healers and leaders in the global sustainability movement. Director Bruce Weaver clearly illustrates that only a spiritual and mythic revival can correct humanity’s course. From stories by Sequoyah Trueblood, a former Green Beret and Choctaw medicine man, to the eco-visionary insights of environmentalist Dr. John Todd, Apocalypse 2012 will challenge the world to rethink, regroup and revive the ancient spiritual paths modern society has lost, clearly to its peril. Apocalypse 2012 is a call to end mechanized ways of existence by waking to the buried callings of our ancient soul song. The time is now. Humanity is barreling past the point of no return. Fueled by hope, but awake to our catastrophic path, this film explores in a penetrating and, at times, disturbing way the very real fate of the planet and the potential of the individual to shift the collective course—if changes are made. Some viewers may close their hearts and minds to the revelations in this film. Others will awaken with increased hope, feeling less threatened and fearful, more deeply inspired to build a sustainable future for posterity. Prepare for the coming apocalypse of change, for it is coming and for those who are prepared, a new dawn will arise. “Unsettling and invigorating,” Jesse Wolf Hardin. 120 min. $19.95 DVD 886470025787 RYE 1104

UFOs and Extraterrestrials

The Billy Meier Story: UFO’s and Prophecies from Outer Space DVD
In 1958, Billy Meier predicted the Iraq Wars, AIDS and global warming. Is it the biggest hoax or... the most important story in human history? You’ll find the startling answer in this remarkable, true-life story about how a young Swiss boy’s meetings with extraterrestrials would eventually lead him later in life through dozens of countries, meeting many famous world leaders – including Saddam Hussein – in order to fulfill ancient prophecies. This one-armed farmer from Switzerland has taken hundreds of the most startling photos in UFO History and has even filmed what he refers to as “Beam Ships” used by sentient beings that hail from a star system near the Pleiades. He has been able to produce photographs, film footage, sound recordings and even metal samples as evidence of his visitations. You’ll be captivated by how in his twenties, “Billy” Eduard Albert Meier was transformed into “The Phantom” (a real life combination of Indiana Jones, Lawrence of Arabia and Han Solo) and by packing a .44 Magnum was able to apprehend serial killers and mass murderers. Meier’s life story is an enigmatic journey that ultimately culminates with him becoming the messenger for an advanced race of beings know as the Plejaran. Their message is clear: earth is in trouble, the people have been asleep, and we must make drastic changes or there will be devastating consequences for all of mankind. Is this story real or too incredible for us to grasp? You must decide for yourself, but if it’s a hoax, why has Meier been the target of 21 assassination attempts? Could it be that the message that humanity so desperately needs to hear is not welcome by many of our world leaders? Special Features -The Skeptics view on the Meier Case, Billy Meier on the true nature of Evolution, the first interstellar musical collaboration and much more.

The Gods From Planet X 2-DVD
Do the stories in the Bible and other sacred texts speak of Gods or Extraterrestrials? The history of the human race and our true origins of where we came from can be traced back through archeology and a careful study of our past. Many of the world’s ancient sites and amazing artifacts still exist, showing ancient man’s use of advanced technology – but how was this knowledge gained? In the early 1900’s British archeologists began excavations in the ancient Sumerian city of UR. They discovered thousands of clay tablets, which detailed a time when the first civilized people, the ancient Sumerians, lived amongst their gods, which they called the “Anunnaki.” They left many wall carvings showing their interaction with these beings depicting them with wings or coming down from heaven on winged disks. Wherever archeologists unearthed these artifacts, the symbol of the winged disk was conspicuous, dominating temples and palaces, carved on rocks, etched on cylinder seals, painted on walls. It accompanied kings and priests, stood above their thrones, “hovered” above them in battle scenes, and was etched into their chariots. The ancient Sumerians knew of the planet of the gods, called “Nibiru” now known as the “12th Planet” and understood that this planet had an elliptical orbit returning to the earth’s proximity every 360,000 years. The Sumerian sign for the 12th planet the “Planet of the Crossing,” was a cross. The ancient Sumerians not only expected the periodic crossing of this 12th planet with the earth but charted its advancing course as they wanted to prepare for the coming rains and flooding as the strong gravitational effects of Nibiru created havoc on earth. Mesopotamian and Hebrew prophets considered Nibiru approaching Earth and becoming visible to mankind as ushering the beginning of a new era. Learn of a time when there were “Giants upon the earth” and see the actual evidence and artifacts from a time when man lived amongst his living gods! He has headed two surgical teams that have removed several suspected alien implants from over 12 separate individuals. The resultant findings attracted World-Wide attention. Dr Leir’s work takes a serious look at the scientific and medical aspects of the alien abduction phenomena. The Walton Story by Travis Walton
Author of the Paramount picture “Fire in the sky” gives us a unique insight into the Walton Story. On November 5th, 1975 a group of loggers in the mountains of north eastern Arizona observed a strange, unusually bright light in the sky. One of those men, Travis Walton, recklessly left the safety of their truck to take a closer look at the large UFO . Suddenly, as he walked toward the UFO, Walton was blasted back by a bolt of mysterious energy. Travis Walton relates in his own words the best documented account of alien-UFO abduction yet recorded. A fascinating Encounter.

The Billy Meier Case with Michael Horn
Michael Horn has been researching the Billy Meier UFO Contacts for over 25 years and is now the authorized representative for the book on the Meier case, “And Yet They Fly”. Though he has long been fascinated with the amazing photos, films, and other still irreproducible physical evidence, Michael’s main focus since 1988 has been on Meier’s prophetically accurate scientific and world event-related information, published from 1 to more than 25 years in advance of terrestrial discovery or occurrence. Because of the abundance and impeccable accuracy of Meier’s material, and the failure of professional skeptics and debunkers to duplicate any of Meier’s hard evidence, Michael has concluded that Meier’s credibility is unequaled by any other source, past or present.

Topics include how the Sumerian culture suddenly sprang seemingly from nowhere in Mesopotamia, how we learned from them the tale of the flood, of Gods who lived in the sky with a far advanced knowledge of cosmology and the wisdom that they brought us through the cuneiform cylinders. Also covered are the origins of the Bible, what we now know with recent studies by universities and how the basics of a variety of religions tie into Biblical stories.

UFOs and Extraterrestrials

Roswell, Hangar 18 and the Secret of the Blue Room DVD

The most enigmatic and universally known UFO incident in history needs only one name – ROSWELL. Roswell will never fade as it represents the true ushering in of the UFO phenomenon for time immemorial.

Dwarfing Orson Wells’ “War of the Worlds” in national and then international hysteria, Roswell was an unparalleled turning point for all of mankind because for the first time almost every man, woman and child on earth was faced with the reality that we are not alone in the universe. In early July, 1947 Major Jesse Marcel, commander of the most technologically advanced bomb group in the world, discovered the crash site of a downed UFO in the New Mexico desert following a harrowing and record breaking storm. Out of honor and duty to his country, Major Marcel was to become the scapegoat for the largest disinformation cover-up effort in world history. What he saw would be a secret he would keep for many years – knowledge about the crash itself and the ensuing battle to keep the incident covered-up by government and military factions. Roswell would be forever entwined in not just Major Marcel’s life but that of his children and grandchildren for generations to come. Today Jesse Marcel, the grandson of Major Jesse Marcel, tells his grandfather's story and reveals what has continued to haunt his family for over sixty years – the legacy of ROSWELL. Ancient Alien Agenda: Aliens and UFOs from the Area 51 Archives 3 DVD
There is startling evidence that we were visited by intelligent beings in the ancient past. Why were they here and what was their agenda?

Zecharia Sitchin is the author of the hugely successful book series "The Earth Chronicles." Join this amazing scholar of ancient mysteries as he makes a scientific and scholarly argument for Ancient Alien visits to Earth. Sitchin was born in Russia, raised in Palestine and graduated from the University of London. He worked for years as a journalist and editor in Israel before settling in New York. Sitchin, like Velikovsky and Von Daniken, gives a compelling and entertaining presentation detailing evidence that Ancient Aliens from other worlds have not only visited the earth but plan to RETURN. Sitchin’s theories are based on his belief that some ancient myths are not myths at all but historical and scientific texts. According to Sitchin, the ancient Sumerian clay tablets discovered in the early 1900's reveal that gods from another planet called “Nibiru” arrived on Earth some 450,000 years ago. The ancient Sumerians knew of this planet of the gods, that Sitchin termed the “12th Planet.” Learn of a time when there were extraterrestrials among us and how they helped advance our civilization, as well as how they plan to return in the future. Aliens from Area-51 DVD
There have been many UFO photo-graphs and much video submitted to UFO researchers in the last 50 years, but by far the most controversial of them all is the Alien Autopsy Film. London business-man, Ray Santilli, launched this film on the TV viewing public in August 1995. Santilli claimed it showed the autopsy of a dead alien recovered from a crashed flying saucer found near Roswell, New Mexico in 1947. The body was then moved to Hanger 18 at the infamous Area 51 also known as “Dreamland.” Until now no one has known the real facts behind this film. The first recognized UFO researcher that Ray Santilli contacted some eighteen months before the film was broadcast was Philip Mantle, then the Director of Investigations for the British UFO Research Association. In one of their early meetings, Mantle looked Santilli in the eye and told him in no uncertain words that he would get to the bottom of this film and its origin. UFO Encounter of the Third Kind: The Rendlesham UFO Case DVD
The Rendlesham Forest Incident is one of the most amazing incidents in UFO History. In December, 1980, an unprecedented series of sightings and the actual landing of a craft (or multiple craft) of unknown origin occurred in Rendlesham Forest, Suffolk, England. The base was used by the U.S. Air Force during this period, therefore dozens of USAF personnel were eyewitnesses to these events as they occurred over a 2-3 day period. Landed craft were not only directly encountered by military personnel, but a hovering UFO was seen emitting a beam of light directly over a missile silo which reportedly disarmed it. The British Ministry of Defense (MoD) denied that the event posed any threat to national security, and stated that it was never investigated as a security matter. Admiral Lord Hill-Norton, the former Chief of the Defense, later stated an incident like this at a nuclear weapons base was unquestionably of national security interest. Eyewitness and Deputy Base Commander, Colonel Charles Halt, also disagreed and insists the event was covered up by both the U.K. and U.S. intelligence services. Later, evidence indicated that there was a substantial MoD file on the subject, which led to claims of a cover-up. Some interpreted this as part of a larger pattern of information suppression concerning the true nature of unidentified flying objects, by both the American and British governments.

Dark Mirror of Magick: The Vassago Millennium Prophecy DVD
On January 3rd, 2001, documentary writer/producer Wayne Darwen brought a professional T.V. news crew into the inner sanctum of The Order of the Temple of Astarte to record a remarkable phenomenon: the summoning of the ancient spirit Vassago. Early in February an edited version of Vassago’s mysterious Prophecy was broadcast by the Los Angeles affiliate of a National T.V. Network, confirming that the spirit had predicted a major news event: only 13 days after the ritual had been audio- visually recorded, President Laurent Kabila of the Congo was assassinated! In this video version we show you the entire operation in sequence, exactly as it happened with no rehearsals and no retakes. Wayne Darwen also interviews the Magister Thabion (Poke Runyon) and the mystic seer Frater Solomon. Their unrehearsed answers to his probing questions leave no doubt as to the philosophical depth and spiritual power of Solomon’s ancient Magick even in this modern age. In “The Magick of Solomon” video we dramatically reenacted magical rituals for instructive purposes, whereas “Dark Mirror of Magick” is the record of an actual magical operation of historical significance. We believe that this remarkable documentary will be studied and commented on for years to come. This 2011 edition has ten more minutes of new footage added with commentary on the Vassago Prophecy, as subsequently revealed in the following two years, plus a new prophecy from Vassago himself. Viewer discretion is advised, do not engage in these practices without the supervision of an experienced adept. “This is the most remarkable record of a supernatural event I have ever witnessed.” – Wayne Darwen, Director. 60+ min. We discover that a technique exists in which we can all travel and journey to “other realities” which exist within us. Through the science of quantum physics, Gardiner shows that ancient man was far more advanced than we previously believed. The author actually undergoes his own experiments to prove the point. Is there a universal frequency so perfect that it allows the mind to travel into other realms? Did our ancestors know of this special harmony? How does all this relate now to the holographic universe and the concept of quantum entanglement? Does the Great Pyramid hold a real secret to the quantum realm? Are there ancient methods of healing here that would benefit mankind? In an all encompassing work, the author uses the science of the day in conjunction with the most ancient of teachings bringing them into the current day reality. 60 mins DVD $19.95 883629266930 RYE1016
